1. CELEBRATION OF ANNUAL PRIZE DISTRIBUTION DAY ON 31st May 2012

Nighat from class VI

Madiha, Rubab and Khizra

Celebration of Annual Prize Distribution Day of Maan Jee Welfare Lower Secondary School, a Project of MOVE. It embodies the recognition towards studies throughout the year. It also reflects the participation of students in co-curricular activities throughout the year.

Maan Jee, who lit the candle of literacy in this community, believes in the philosophy of dominant participation of community members in our educational programmes. To ensure the importance of community members' guidance, they were invited in our annual function. Detailed programmes were chalked out for the observance of the function.

These programmes included:

- Recitation from the Holy Quran,
- Songs
- Speeches
- Poems
- Prize distribution

Teachers were assigned the responsibility to guide students in achieving perfection in their programmes. These guides worked with great dedication and interest. They also worked with great enthusiasm to make the function a great success.

The stage fully decorated with the banners and play cards of Maan Jee welfare School, its salient features, its philosophy and its objectives.

The ceremony, started at 12:30 pm sharp. In a melodious voice, a verse from the Holy Quran was recited.

The presenter invited the Principal Prof. M. Ishtiaque Ahmed on the stage. He welcomed and thanked to Mr. Malik Javed Akhtar, CEO, MOVE'S EDUCATIONAL Programmes and many other guests who attended this function.

The presentation of a song "Prem se hum ko jene do" was spell bounding. The audience appreciated the song very much.

Ms. Reema Ahmed spoke very well on an interesting topic, "Tulba ke faraiz".

A song "Hum Ek hain" represented the patriotic feeling of Students which were applauded and greatly appreciated by the audience.

Mr. Malik Javed Akhtar and community guests liked the programme. They congratulated the management, staff and students.

It was a successful event whole heartedly achieved by each and every team member.

As we believe:

"Success comes in cans; failure in cant's"

The Principal, Prof. Ishtiaque Ahmad invited Mr. Javed Akhtar on stage to give prize among position holder students. The Principal, Prof. Ishtiaque Ahmed presented the achievements of the School. The statistical analysis showed that about 98% students appeared in the Annual Examination. 95 % of students succeeded in the Examination, only 3 % students were declared unsuccessful. They were advised to work harder in the new session.

Following is the list of students who clinched top positions in the Examination.

| NAME | CLASS | POSITIONS |

The mothers of position holders, highest % and the highest % attendance achiever of the School were also appreciated for their nice guidance provided to their children.

The guests, and staff were served with the Lunch and students were served refreshment and sweets. The function was adjourned at 2:00 pm.

2. Advocacy Seminar on Healthy schools-Healthy settlements on 30th May 2012.

18th and 19th of April 2012 a workshop was conducted with the collaboration of Agha Khan Educational Board. The main trainers of the workshop were Dr. S.K.Kamrani from UN Habitat and UNESCO and Dr. Shabnam from Agha Khan Educational Board. The main theme of the training was to train teachers how to inculcate in students the good habits of cleanliness and observe if students have become the victim of some infections or contagious diseases.

Now UN Habitat Organize a seminar on 30th May 2012 at Carlton Hotel in Defence. The topic was “Healthy schools – Healthy settlement” .The Chief guest Peer Mazhar-ul-Haq the minister of education in Sindh and other honourable persons were invited who are related to field of education, health, NGO’s and media. Maan Jee school’s secondary classes teachers were also invited. All members of UN Habitat’s presentation was very informative and the Chief guest speech was very valuable for us they mention about education system, they suggested that what teacher needs to do to increase literacy rate and what they should do to overcome the dropout of students. The speech was very impressive and influential for us. Doctors were also invited who gave us a lecture about children’s health. They told us the cause of dropout and ratio by graph.

This workshop motivated each of our team members and increases our urge to work in a more positive, effective and in a more vigilant way.

Happy learning

3. Celebration of Mother Day on 12th May 2012.

Mother Day was celebrated on second Saturday of May i.e. 12th May 2012. Paragraph writing competitions were held in all classes according to their standard. Students made greeting cards for their mother. Teachers and students took great interest and got themselves involved in making wonderful cards where they express their ideas about how they love their mother and enrich their creative skills. Teachers also very enthusiastically made a card for their mother “Maan Jee”. Students were excited on that day. They were also feeling happy to make cards, bands, ponies, purse and photo frame for their mother. Each one of us enjoyed our self in a very creative and fun way and everyone contributed immensely within their own capabilities.

“The size of candles may differ but they yield the same brightness”
